

**Finally...! A ray of hope for our coronavirus pandemic victims.  
I can no longer stand by and watch our people in distress and  
"I have a dream!"**

**SPC is available free of charge. The Swiss population gives SPC to the countless Covid pandemic victims. Businesses up to the artist etc. can breathe a sigh of relief and survive successfully. Covid loans do not need to be repaid. Rent payments to unintelligible landlords and banks are repaid. 24.2.2021**

**Who agrees with me that at least trying to create a pro swiss-people-cash (SPC) initiative is worthwhile, and who will found the necessary association with me? To sound out our chances of winning, there is an audience survey **here and now**. We are looking forward to the result! I will keep in touch.**
